Sreyas Institute of Engineering and Technology
Mechanical Engineering
June – 2019   GPA 7.0

Sri Chaitanya Jr Kalasala
MPC
April – 2015   GPA 7.2

HOBBIES AND INTERESTS

- READING BOOKS
- Football
- Cricket
- Volleyball

WORK EXPERIENCE

Noki Technologies
Intern-Frontend Developer | 2021
Hyderabad

Project: Developed a supply chain role-based access application, which helps users to add their products, can use barcode scanner to scan the QR on products.

- Worked on User Role-based Authentication using Angular Framework.
- Implemented Dynamsoft Bar-Code Reader in the angular application
- Worked with Angular Forms, Validations, Modules, Factory Services, DOM, Events, Expressions, Directives, Controllers, filters, HTTP Request.
- Implemented MVC architecture & customized directives for views, using Angular, and Express.JS.
- Improved the UI for better User experience by adding custom CSS transitions and animations to feature major products
- Designed a web interface using TypeScript, HTML, CSS that takes the data and displays it to the user.
- Worked on both mobile responsive web design and desktop pages.
- Worked proficiently in various IDEs including Sublime Text and Visual Studio Code.
- Used version control system tools such as Git to manage the code repository.

PERSONAL PROJECT

Chat Project: Developed a simple website which allows a user to navigate through the pages and also user can use live chat option.

- Handled routing between the pages using Angular- Router Module
- Built the application using Angular 8, Bootstrap4, typescript
- Utilized Bootstrap components like navs, button groups, media-queries, pagination to build a responsive layout.
- Adjusted the website as per the screen resolution such as tablet, mobile, desktop
